

# WOOL WAREHOUSE MOVE IS POPULAR

Several States Now Anxious to  
Come in and Share  
The Profits.

## SALE SITUATION IN IDAHO.

Ninety Per Cent of Growers in Gem  
State Will Take Stock Dur-  
ing Coming Year.

Secy. Sam Ballantyne of the Idaho  
Wool Growers' association writes thus  
encouragingly from Boise to President  
J. E. Cosgriff of the National Wool  
Warehouse and Storage company on  
the wool situation:

"In looking over my list I find there  
is in the neighborhood of 6,000,000  
pounds of wool unsold in this state, all  
of which is warehouse wool. The buy-  
ers are picking up an odd clip now and  
then, and are paying as high as 21 and  
22 cents for it here. They have made  
a bid on all wools which have been  
shipped to the warehouses. On one  
clip I am offered 21 1/2 cents plus the  
freight in the warehouse. On two other  
clips I am offered 20 cents plus the  
freight in the warehouse.

"Nearly all of the eastern Oregon  
wools have been sold and a great deal  
of the Velsor wools. It is my opinion  
that 90 per cent of the growers in this  
state will take stock in the  
warehouse this coming year. Nearly  
every one with whom I have  
talked have expressed themselves  
this way. I also note the buyers are  
very much alarmed and do not wish  
to give the manufacturers an oppor-  
tunity to bid on the wool in the  
warehouse. Should the clip bring more  
than they are paying here, the  
results are obvious. I feel more than  
ever that the warehouse is one of the  
greatest investments the sheep men  
ever made. Its success is now assured  
beyond any question of a doubt, and  
whether or not the wools are shipped  
there another year, I feel assured  
practically all the growers will take  
stock in the warehouse. I believe  
all those who have sold will contrib-  
ute their forfeit of one cent and re-  
tain their stock."

**ALL ARE COMING IN.**  
Secretary George E. Walker, of the  
National Woolgrowers' association  
writes President Cosgriff from Chey-  
enne: "Messrs. Hilton & Burgess of  
Portland, Ore., ask for detailed infor-  
mation regarding the warehouse com-  
pany, and the marketing of wool as  
they say that a number of wool  
growers in that section con-  
template joining the movement." Mr.  
Cosgriff is also informed that the  
Minnesota Wool Growers  
association is anxious to cast its for-  
tunes with the warehouse movement,  
and join the National Wool Ware-

house & Storage company. So the  
scheme is covering more and more  
ground, becoming more comprehensive  
in its operations. That its success has  
now been fully established, no longer  
admits of doubt.  
A local marketing paper states that  
"Dissatisfaction is felt over the fact  
that the Chicago people have five  
members of the executive board which  
gives them practical control of the  
company." Circular No. 2 of the  
Warehouse company, recently pub-  
lished, gives the personnel of the  
executive board as follows: J. A.  
Holly, Chicago, Ill.; W. W. Gooding,  
Shoshone, Idaho; T. W. Boyer, Rock  
Springs, Wyo.; A. G. Leonard, Chic-  
ago, Ill.; J. E. Cosgriff, Rawlins, Wyo.

## L. N. L. FIRE ADJUSTER'S SALE.

He will sell 500 go-carts Saturday  
evening, May 15, between 6:30 and  
10 p. m.

## SUMMER SCHOOL.

The L. D. S. Business College con-  
ducts a ten weeks' summer school, com-  
mencing May 31, and continuing to  
Aug. 6. Special instruction in Civil  
Service, Bookkeeping, Shortland, Typo-  
writing, English, Penmanship, Com-  
mercial Arithmetic and kindred sub-  
jects. Terms, ten dollars. Send for  
catalogue.

## NURSES ARE GRADUATED.

Five Young Women Enter Upon Field  
Of Responsibility.

Five trained nurses were graduated  
last evening from Holy Cross hospital.  
The exercises were held in the parlors  
of the institution, which were hand-  
somely decorated in blue and white,  
while pennants bearing the class motto,  
"Fidelis Officio," were hung on the  
walls. There were present the medical  
staff of the hospital, the sisters of the  
order, the undergraduate nurses, and  
a few friends of the members of the  
graduating class.  
The five graduates appeared in white  
uniforms and caps. Ida R. Cracroft,  
Electra C. Nesbit, Ada M. Davis, Jan-  
nie E. Scheel and Elsie N. Snyder. The  
Doctors Hughes, Root, Niles, Hosmer,  
Whitney, Mayo and Tyndale, of the  
hospital staff, were seated near the  
graduates.

There was a program in which Miss  
Helen Harrison, an undergraduate  
nurse, played violin solos, with piano  
numbers by Misses Taylor and Mul-  
rivan. The address of the evening,  
was by Miss Ida R. Cracroft, who spoke  
of the association of the nurses with  
the physicians, the sisters and the  
undergraduates; and then Miss Ada M.  
Davis gave a reading entitled, "The  
Lady Anatomist." Dr. A. J. Hosmer  
gave the graduates their diplomas, while  
Dr. E. F. Root made the closing re-  
marks. A banquet concluded the exer-  
cises.

## LOGAN EXCURSION.

Saturday, May 15th, via Oregon Short  
Line for STATE TRACK MEET.  
Round trip \$2.50. Special train leaving  
Salt Lake at 8:30 a. m., will return,  
Leaving Logan 8:30 p. m.

## LAGOON PRETTIER THAN EVER.

Date book now open. See J. B. Bean  
or C. H. Patton for reservations. Fare  
center office, 161 Main street,  
Phone 2900.

# ALDERMEN BALK ON APPOINTMENT

Raleigh is Not a Dish That Even  
The Council Can  
Relish.

## MUST MOVE THE VIADUCT.

Committee Will Require Harriman to  
Put Structure South of Its  
Present Location.

Although Chief of Police Samuel Bar-  
low sent the name of George Raleigh,  
formerly a detective, to the council for  
confirmation, it is doubtful whether his  
re-appointment will be made. When  
the police and prison committee met  
last night Chief Barlow was criticized  
for his action and the McWhirter ro-  
bbery case was revived. Several of  
the councilmen are opposed to Raleigh  
and insist that in permitting George Sheets  
to again be appointed to the force that  
they have done enough. Raleigh was  
arrested on the charge of conspiracy in  
connection with the McWhirter ro-  
bbery, but the case was afterward dis-  
missed. He resigned from the detective  
force while his case was pending.  
It is understood that Sheets wanted  
Raleigh on the detective force of which  
he is now chief. Harry Curran is ac-  
tually a detective and it was proposed  
to place Curran on a beat again to fill  
the vacancy caused by Yeager, who  
resigned last week. This would leave a  
vacancy in the detectives' department  
which could be filled by Raleigh.

The committee will probably recom-  
mend the appointment of 10 additional  
patrolmen. This will give the force  
about 75 men. Chief Barlow says that  
he has found it necessary to place pa-  
trolmen in the parks and extend the  
beats on account of the development of  
the city.  
The compromise between the Oregon  
Short Line representatives and the spe-  
cial committee of the council was dis-  
cussed last night. It appears to be en-  
tirely satisfactory to the councilmen  
and the acceptance of it will be recom-  
mended. Only one person appeared to  
make objections. The foot-viaduct will  
be moved 105.25 feet south of its present  
location and can be reached through the  
main entrance of the new depot.

## DEAD BEATS ON THE RUN.

Circulation Managers Try to Figure  
Out a Remedy.

The annual banquet of the Salt Lake  
Association of Managers of Newspaper  
Circulation was held last evening, at  
the Cullen hotel, where the general man-  
agers, circulation managers and their  
assistants from the local dailies gath-

ered to spend a pleasant evening. Rufus  
Johnson, circulation manager of the  
Republican, was toastmaster, while J.  
T. Dunbar of the "News" welcomed the  
guests of honor in a short address.  
Representing the management of the  
several newspapers at the banquet were  
E. E. Drullman, P. I. Scott, C. E.  
Wood, C. C. Neslen and George E.  
Hale. From the circulation depart-  
ments there were W. H. Alder and  
Wald Mrs. C. P. Brooks visited a num-  
ber of packing plants and slaughter-  
houses yesterday. They first visited  
the Inter-Mountain Packing plant  
and saw the method in which sheep  
were prepared after being killed and  
sent to the chilling room. An in-  
spection was made of the department  
in which meat is cured.  
The committee wants the city to  
appoint an inspector to bring about  
the prevention of the sale of meat out  
from afflicted cattle. Mrs. Pitt in-  
tends to prepare a paper to read be-  
fore the league in which the subject  
will be treated in detail.

## WOMEN INSPECT PLANTS.

They See at First Hand How Meat is  
Handled.

The Women's League committee  
consisting of Mrs. Tom D. Pitt, chair-  
man, Mrs. H. P. Myton, Mrs. S. Ewing  
and Mrs. C. P. Brooks visited a num-  
ber of packing plants and slaughter-  
houses yesterday. They first visited  
the Inter-Mountain Packing plant  
and saw the method in which sheep  
were prepared after being killed and  
sent to the chilling room. An in-  
spection was made of the department  
in which meat is cured.  
The committee wants the city to  
appoint an inspector to bring about  
the prevention of the sale of meat out  
from afflicted cattle. Mrs. Pitt in-  
tends to prepare a paper to read be-  
fore the league in which the subject  
will be treated in detail.

## NEW INCORPORATIONS.

The Wasatch Investment company  
filed articles of incorporation yester-  
day with the county clerk. The cap-  
ital stock amounts to \$25,000, divided  
into shares of \$10 each. The officers  
are: L. W. Snow, president; John  
Strickland, vice president; and Wal-  
ter Castleton, secretary and treasurer.  
The company will open offices in Salt  
Lake and do a general investment  
business.

## POSTMASTERS' CONVENTION.

The executive committee of the Utah  
Postmasters' association held a meet-  
ing in Postmaster Thomas' office yester-  
day afternoon, when it was decided  
to issue a call for the annual conven-  
tion to be held in this city May 27 and  
28. The place of meeting will be the  
federal courtroom. The program in-  
cludes an address by C. M. Walters,  
superintendent of the salaries and al-  
lowances department at Washington.  
Those present at the meeting with Mr.  
Thomas were: James Clove, Provo; W.  
W. Wilson, Sandy, and Peter Martin,  
Park City.

## VICTIM IN BAD CONDITION.

James Marens, who was seriously in-  
jured at Bingham yesterday, and who  
is now lying at St. Mark's hospital, is  
reported to be suffering greatly this  
morning, and the prospects for his re-  
covery are not very bright. Marens  
was employed as lineman on the United  
States Mining company's aerial tram-  
way. Through the breaking of a cable  
the bucket in which he was standing  
run back upon the next bucket with  
great force, throwing Marens a dis-  
tance of 60 feet to the ground. The  
unfortunate man sustained fractures of  
the arm and the left leg besides a  
deep gash in the head and internal in-  
juries. He is 22 years of age and un-  
married, he has worked for the com-  
pany several years and was living with  
his widowed mother.

## WOMAN IS ROBBER'S VICTIM.

Mrs. E. K. Ferris, residing at 553  
east Fourth south street, was the  
victim of a purse-snatcher last night  
while she was returning to her home  
shortly after 8 o'clock. As she neared  
the house, a young man stepped  
up from behind her, and with a quick  
movement snatched her hand bag  
from her grasp, and then ran. The  
pocketbook contained but 15 cents  
and the key to her home.

## STREET PAVED WITH CANDY.

A runaway yesterday afternoon  
furnished for "kids" and street ur-  
chins a real candy treat, and the  
youngsters took full advantage of the  
unexpected. A horse attached to the  
wagon of Robert Little, a candy man-  
ufacturer, while standing in Third  
south between Main and West Temple  
streets, became frightened at a piece  
of flying paper and bolted down the  
street. Then the candy began to fly  
from the wagon and then there was  
a wild, scrambling and constantly in-  
creasing crowd of youngsters trailing  
the runaway and gorging themselves  
on the sweets. It was great sport  
for the kids until the horse was stop-  
ped.

## J. X. L. FIRE ADJUSTER'S SALE.

He will sell 500 go-carts Saturday  
evening, May 15, between 6:30 and  
10 p. m.

Meet me at Saltair tonight.

The Knights of Columbus Minstrel  
Show, Salt Lake Theater May 17th.

McCoy's Livery Stables, Both phones 81.

# LATEST PROPOSITION FOR HEALTH RESORT

Option on Saratoga Springs Near Utah  
Lake, Utah County, May  
Be Taken Up.

A movement is on foot looking to  
the utilization of the Saratoga Springs  
in Utah county, as a great health re-  
sort. The springs belong to the  
Utah-Idaho Sugar company, though  
they have been bonded to Ira D.  
Vines & Company, of Ruby Valley,  
Nevada, for over a year past. The  
price agreed on is not stated, though  
it was said today by Mr. T. R. Cut-  
ler, that some money had been paid  
down on the option, which has now  
four months more to run. It will  
then either be relinquished, or pass  
into the hands of others.  
Mr. Samuel Newhouse and others  
have visited the springs recently with  
the view of examining into them more  
closely and determining whether or  
not they could be made the basis for  
a profitable investment. Mr. New-  
house went down there last Saturday  
as the guest of Mr. Cutler, and while  
nothing positively is stated by Mr.  
Newhouse, he has sworn that the  
springs were discussed. As it is now,  
they can only be reached by wagon,  
lying as they do about five miles from  
the railroad. Some of the party ex-  
pressed themselves as being greatly  
pleased with the beauty of the place,  
and Mr. Newhouse was very much in-  
terested in the springs. At Pelican  
point, which was at one time purchas-  
ed for a smelter site.  
It is said to be probable that the  
Ira D. Vines company will be  
joined by others in taking up the  
present option, and that railroad con-  
nections with the springs may be  
built, and a fine resort built there.  
This is what is being talked over at  
present.

## SEEKS RIGHT TO PURCHASE.

Judge Le Grand Young will com-  
municate at once with Senator Smoot at  
Washington with a view to pushing  
through Congress a bill authorizing  
the Mt. Olivet cemetery association  
to sell to the Emigration Canyon Rail-  
way company half an acre in the ex-  
treme south corner of the new  
government tract just ceded to the  
cemetery company. Judge Young is  
anxious to secure this place as it will  
enable the railroad company to do  
away with an awkward curve just be-  
yond the corner as it turns east; but  
the cemetery company has been un-  
able to see how it could let the prop-  
erty go, fearful lest it would vitiate  
the conditions of the grant from the  
government.

Tonight last chance to dance at  
Saltair before summer season.

Dancing Excursion, Saltair tonight.

## UNIVERSITY NEWS.

Prof. Hoskins of Colorado school of  
mines visited the university yesterday  
afternoon in company with Mrs. Hos-  
kins. The professor, who came to the  
state with the senior mining students,  
was injured in a railroad accident at  
Grand Junction, and has since been in  
St. Mark's hospital. He has now re-  
covered and expects to leave for home  
today.

Agreeable to the bill passed by the  
legislature authorizing the board of reg-  
ents to get money for the new ad-  
ministration building from the state  
land fund, the board has now made its  
application and if the funds are avail-  
able work will be started on the build-  
ing this season.

At the meeting of the Dramatic club  
held yesterday afternoon, Roger W.  
Powers was elected dramatic manager  
for next year.

The new annual catalogue of the uni-  
versity will be ready for distribution  
in about 10 days.

F. N. Huddleston, who is closely as-  
sociated with R. K. Brown, chief en-  
gineer of the S. P. L. A. & S. L. R. R.,  
was a visitor at the university Thurs-  
day, looking over the work in civil en-  
gineering.

Prof. W. C. Roylance has gone to  
Lehi to preside at the commencement  
exercises of the Lehi high school to be  
held this evening.

Dr. R. R. Lyman has been invited by  
Supt. Minor of Sanpete county schools  
to give an address before the graduates  
of the Spring City schools.

## LAGOON PRETTIER THAN EVER.

Date book now open. See J. B. Bean  
or C. H. Patton for reservations. Fare  
center office, 161 Main street,  
Phone 2900.

Go to the All Star Minstrel Show  
May 17th, Salt Lake Theater.

## LIVING FLAG PLANS.

Three Thousand Children Dressed in  
National Colors Will Participate.

At a meeting of the "Living Flag"  
committee of the Grand Army encamp-  
ment, held in the office of Executive  
Director F. M. Sterrett this morning,  
Prof. W. A. Wetzel, supervisor of music  
in the city schools was appointed to  
take charge of the movement. It is the  
plan to have 3,000 children in the flag,  
the red and white stripes of which will  
be composed entirely of girls, dressed  
in red and white caps and gowns. The  
field of blue and the stars will be com-

posed of boys. The "living flag" will be  
formed at the Lafayette school on the  
day of the great parade, and will be  
marched down Main street to the flag  
stand at the corner of Main and Seventh  
south streets. There on an inclined  
platform the children will take their  
places, and by the rising and falling of  
different sections of the flag it will ap-  
pear at a distance, like the stars and  
stripes waving in the breeze. During  
the march down Main street the chil-  
dren composing the flag will sing a flag  
song, and the gyratory movement will  
also be executed during the march, giv-  
ing the flag an appearance of waving.  
Patriotic songs will be rendered by the  
children while occupying the flag stand.  
Prof. Wetzel has already commenced  
drilling the little tots on the songs, and  
is confident of scoring a signal success  
with the G. A. R. "living flag" of 1909.

## Saturday

THE BIG DAY OF  
**Millinery Specials**

AT
